

### KEYNESIAN QUOTES

- Successful investing is anticipating the anticipations of others.
- The real difficulty lies not in developing new ideas, but in escaping from the old ones.
- Professional investing is a beauty contest in which the objective is not to pick the most beautiful contestant, but to instead predict the contestant thought by the judges to be the most beautiful.
- The market can stay irrational longer than you can stay solvent.
- Liquidity for everyone is a logical impossibility.
- We will not have any more crashes in our time. I find the markets very interesting and the prices low. So where should a crisis come from? (1927)
- In the long run we are all dead.
